

# NV5 Acquires Environmental Health and Safety Firm, Dade Moeller & Associates

OLLYWOOD, FL--(Marketwired - May 18, 2016) -**NV5 Global, Inc. (the "Company" or "NV5")**([NVEE](#)), a provider of professional and technical engineering and consulting solutions, announced today that it has signed a definitive agreement to acquire Dade Moeller & Associates, Inc. (Dade Moeller), a Richland, Washington-based environmental health and safety firm with annualized revenues of approximately \$25 million. The acquisition will be made through a combination of cash and stock and is expected to be immediately accretive to NV5's earnings.

Dade Moeller specializes in the provision of radiation exposure and protection services as well as nuclear safety and industrial hygiene analyses, a discipline in which the Company has built a significant federal government client base. Dade Moeller's 150 professionals include Certified Health Physicists, Certified Industrial Hygienists, Certified Safety Professionals and Professional Engineers and are based primarily in Washington, Maryland, Tennessee, and Nevada, although Dade Moeller also maintains project offices in Ohio and Louisiana.

Dickerson Wright, Chairman and CEO of NV5, said, "Dade Moeller will become NV5's platform organization in our Environmental Health and Safety business line. We could not be more pleased to begin working with their accomplished team, which we believe will be instrumental to NV5's growth, particularly in the federal and energy sectors. Dade Moeller has been under contract with the U.S. Department of Energy at the Hanford, Washington site since 1994, where NV5 is currently doing construction quality assurance work. Dade Moeller also has had multi-year involvement in the assessment of damage that resulted from the Deepwater Horizon oil spill in the Gulf. Other significant assignments include state compensation for worker radiation exposure, long-term assignments at the Tennessee Valley Authority nuclear research site, and radiation exposure protection assignments at national sporting events and concerts."

"We are proud to be joining NV5 and excited to create new opportunities for the team and our employees going forward," said Matt Moeller, a certified health physicist and CEO of Dade Moeller. "NV5 shares our vision of 'protecting people and the environment' and values our services supporting high-hazard and other challenging projects across the country. We look forward to introducing our many clients, teaming partners, and professional colleagues to the full range of our new company's capabilities and, similarly, introducing our new NV5 teammates to our people and skills. We believe the distinct client profiles of NV5 and of Dade Moeller will complement our combined organization. We are indeed enthusiastic to start this new chapter in our collective success stories."
